We have a fun filled and exciting few months ahead and have all sorts of fantastic events coming up in the next few weeks. ### Toddler / Preschool Program

Our Toddler /Preschool Program is for our 1 and 2 year old students.

The Teddy Bear class gives our youngest minds the opportunity to learn about and explore the world around them through sensory play and self-discovery!

The Pooh Bear class had a great start to the year! Teachers have been helping the students work on their self-help skills, socialization, and introduction to academics.

A few favorites are art, science, and Music and Movement.

### Pre-Kindergarten Program

Our Pre-Kindergarten Program is for our 3-4 year old students.

The Brown Bears and Panda Bears are a busy bunch who are growing and changing daily! They enjoy working on their handwriting, expanding their math skills, creating Know, Wonder, and Learn charts with their many scientific explorations, art and dramatic play! They are expanding their phonemic awareness and word recognition as well!

### Junior Kindergarten Program

Our Junior Kindergarten Program is for our 4-5 year old students.

Junior Kindergarten is our highly academic Kindergarten curricula program.

Our Junior Kindergarteners are enjoying math, language arts, phonics, and handwriting programs and are excelling in all areas.
